The three-year-olds play little part in the race, according to Mr. Vosburgh, for all of those entered are far down in the list. Jigger, a bay gelding, by The Curragh and Trance, owned by Lawrence Waterbury, heads the list with 105 pounds; R. T. Wilson's Kriklevington is in with 103 and Ten-Lee is assigned 100.

Naturalist has the post of honor in the Paumonic, a six furions handlean, which will usher in the season on Friday. Exterminator is not in this race. With him out, Naturalist is placed on top with 121. Eternal is second, with 128, and On-Watch third, with 126. P. A. Clark's Duboyne, which won the event last season, is fourth on the list, with 124. He carried 115 in 1920. Wildaid is assigned 123, Peter Piper, Gladiator, Dominique 122 each, and Lord Brighton 120.

THE LISTENING POST

2 By WALTER TRUMBULL & Copyright, 1921, by The New York Herald.

BOYS' WEEK. THIS is Boys' Week in New York city, and to-day has been set aside for athletics. When 3,000 contestants gathered in Philadelphia for the Pennsylvania relay carnival it was regarded as a record field. To-day it is expected that over 100,000 boys will take part in the various events

held by schools and organizations. The public schools, the private schools, the parochial schools, the dicapper of the Jockey Club, makes W.
S. Kilmer's Exterminator the best handicap horse in the country. In his list of the Young Men's Hebrew Association and the Y. M. C. A. are among the

The Field, in the most recent issue received on this side of the water, carries some interesting observations on tennis. For instance:
"The Spanish Association having intimated that they are disposed to play "The Spanish Association having intimated that they are disposed to play their Davis Cup match in this country, it is probable that the contest will take place at Wimbledon immediately after the championships. On this reckoning, it will be decided on three days between July 4 and July 9, the latter date being the limit fixed for first round matches by the American Association. In the event of our victory against the Spaniards, the British team will leave for America in time to play the second round in that country against either Australasia or Canada not later than August 6. The third round has to be decided in America before August 13 and the fourth round before August 20.

"If England were successful in all the eliminating ties, its team would, therefore, remain in America for over a month. This factor may possibly influence the selection of the team, since only players who under favorable cir-cumstances are prepared to devote five or six weeks to the task in hand will be available. Of course, if Australasia were to send her strongest team to America, our chances of surviving the second round would be appreciably reduced, but our association, in making its plans, must consider the possibility of a British success and of the campaign extending into September. The flerce of a British successful of the heat in America in August must essentially rule out all but the strongest physiques; it would be courting disaster to play any man over 40 on the other side."

The challenge round is fixed to begin on September 2 in New York."

BRITISH POLO MEN IN PRACTICE GAMES

Capt. Williams Will Not Play in International Matches-Yankees Play Thursday.

New York Herald Bureau, London, May 2.

Capt. A. H. Williams, "Mystery Man of Polo," about whom so much has been written recently, will not play with the British defending team in the international polo matches, it was learned definitely by THE NEW YORK HERALD correspondent here to-day. Capt. Williams i a good hitter, but is not considered quite up to international form. This decision was arrived at after Capt. Williams's did not take part in the practice game by the British team at Hurlingham to-

by the British team at Hurlingham tocay, when Capt. P. Turnor and Lord
Dalmeny were tried for No. 2 position,
at which Lord Oalmeny showed up best.
Other members of the British team
were Lieut.-Col. H. A. Tompkinson,
Major Vivien N. Lockett and Col. Hunter, who was substituting for Lord
Wodehouse temporarily. They an
showed tip top form.
Two short games of three periods
each were played. In the first of these
Capt. Turnor took part. In the opposing "Freebooters' were the Duke of Paneranda, Col. Wise, W. S. Buckmaster
and Lord Rocksavage. The result was
3 all. In the second game Robert
Strawbridge played No. 2 for the practice side, with Col. Melville, Col. Jackson and Major Harrison. The British
team, on which Lord Dalmeny played in
place of Turnor, won, 7 to 2.

Owing to the hardness of the Sunbury
field the Americans will not play again
until Thursday, when they will start
practicing at Hurlingham. Several of
the players were at Hurlingham to-day.
